WORK EXPERIENCE

telve.net

Self Employed
<https://telve.net/>

Aug 2016 — Present

Dragon Computer

Self Employed
<http://dragon.computer/>

Aug 2015 — Present

Samulaş A.Ş.

Software Engineer Intern
(Urban Transportation)
IT Department
<http://samulas.com.tr/>

Jun 2015 — Aug 2015

Ondokuz Mayıs University

System Administrator Intern
IT Department
<http://bidb.omu.edu.tr/en>

Jun 2014 — Aug 2014

QUALIFICATIONS

You can checkout **my personal website** to see my qualifications in Computer Science and Technology
<http://mertyildiran.com/>

My **StackOverflow** profile page:
<http://stackoverflow.com/users/2104879/mertyildiran>

Also you can checkout my accounts and activities on **Stack Exchange** Communities with these links:

<http://stackexchange.com/users/2409365/mertyildiran?tab=accounts>
<http://stackexchange.com/users/2409365/mertyildiran?tab=activity>

GitHub:

<https://github.com/mertyildiran>

Also I'm a seller on **CodeCanyon** Marketplace:
<http://codecanyon.net/user/mertyildiran/portfolio>

Lastly, I'm one of the Turkish Translation Maintainers of **Moodle**:
<https://lang.moodle.org/local/amos/credits.php#credits-language-tr>

EDUCATION

Computer Engineering

Sep 2012 — Aug 2016

Ondokuz Mayıs University

<http://bil.omu.edu.tr/>

Graduated.

Physics

Sep 2011 — Jun 2012

Boğaziçi University

<http://www.phys.boun.edu.tr/>

Abandoned.

Natural and Applied Sciences

Sep 2005 — Jun 2009

Samsun Ataturk Anatolian High School

http://en.wikipedia.org/wiki/Samsun_Ataturk_Anatolian_High_School

Graduated.

INTERESTS

Web & Mobile Development, Operating Systems, Machine Learning, Computational Science, Computer Vision, Computational Linguistics, Audio Signal Processing

REFERENCES

References available upon request.

FOREIGN LANGUAGES

Early life: **TÖMER English Courses degree**

<http://tomer.ankara.edu.tr/>

Proficient in English with a **BUEPT degree**.

<http://yadyok.boun.edu.tr/buept/14.01.2015-buept-%20important-information.htm>

Also interested about learning Japanese, German and Russian.

PROJECTS

telve.net:

the code that powers telve.net (The best Reddit clone)

<https://github.com/DragonComputer/telve.net>

Dermatron:

Dermatology focused medical records software, augmented with computer vision and artificial intelligence [Meteor packaged with Electron]

<https://github.com/mertyildiran/Dermatron>

Plexus:

Plexus is exceptionally bio-inspired, a revolutionary approach to the artificial neural networks

<https://github.com/mertyildiran/Plexus>

Cerebrum:

Crossmodal Supervised Learning Toolkit using High-Performance Extreme Learning Machines over the audio-visual-textual data

<https://github.com/mertyildiran/Cerebrum>

Dragonfire:

Dragonfire is an open source virtual assistant project for Ubuntu based Linux distributions

<https://github.com/mertyildiran/Dragonfire>

Dragonfire-RaspberryPi:

Dragonfire is an open source virtual assistant project for RaspberryPi OSMC/Kodi
<https://github.com/mertyildiran/Dragonfire-RaspberryPi>

DASM:

Dragon Assembler, a simple assembler for a made-up microprocessor architecture
<https://github.com/mertyildiran/DASM>

SCOR:

Shopping Cart on Rails
<https://github.com/mertyildiran/SCOR>

Unleash:

A linux shell written in C
<https://github.com/mertyildiran/Unleash>

RapidEye:

An Image Search Toolkit based on OpenCV
<https://github.com/mertyildiran/RapidEye>

Specte Search Engine:

<http://codecanyon.net/item/specte-search-engine/5104064>

Specte Webmail Server & Interface:

<http://codecanyon.net/item/specte-webmail-server-and-interface/5105880>

Discovery Browser:

<http://codecanyon.net/item/discovery-browser/5190891>

True Sky Game:

<http://codecanyon.net/item/true-sky-game/6356674>

Angel of a Thousand Suns Game:

<http://codecanyon.net/item/angel-of-a-thousand-suns-game/6352881>

An English Teacher's website:

<http://selcukhocaders.com/>

Barla Publications:

<http://www.barlapublications.com/>

CERTIFICATES

Certified Ethical Hacker

EC-Council , Sanjay Bavisi , 2014

<http://mertyildiran.com/images/certificates/CEH-Certificate.png>

Windows Phone Certificate of Achievement

Turkcell Developers of The Future

<https://gelecegiyazanlar.turkcell.com.tr/kisi/mehmetmertyildiran/belge/windows-phone-201>

Android Certificate of Achievement
